

Course Resources

The material presented in the video content is also compiled as course notes documents. In some cases the video presentation will refer to extended information available within the course resources.

You can download a copy of the **course notes** here:

Course 4 - Agile Planning for Software Products V2.4.pdf
PDF File

A **glossary** of terms used within the course is featured here, as a resource for your learning:

Course 4 - Agile Planning for Software Products - Glossar...
