Module 4: Assessment (Graded)

LATEST SUBMISSION GRADE

100%

1. Considering the requirements criteria, a correct user story means ____.

1 / 1 point

- ☒ it is an accurate description of a desired requirement
- ☐ it is reviewed for correctness
- ☐ it must be implemented correctly
- ☐ it is in the form, "As a ____, I want ____, so that ____."

Correct

Correct answer. A correct user story means it is an accurate description of a desired requirement.

2. An unambiguous user story would be ____, assuming also the terminology and meaning are understood.

1 / 1 point

- ☐ simple
- ☐ correct
- ☒ clear
- ☐ verifiable

Correct

Correct answer. The unambiguous user story would be clear.

3. A ___ user story means that whether it was satisfied can be tested.

1 / 1 point

- ☐ correct
- ☐ clear
- ☐ simple
- ☒ verifiable

Correct

Correct answer. A verifiable user story means that it can be tested whether it was satisfied.

4. A traceable user story mainly means that ___.

1 / 1 point

- ☐ it can be traced to whoever originally wrote it
- ☐ it can be traced to related user stories
- ☒ it can be traced to the code that implements it
- ☐ it can be traced to an end user need

Correct

Correct answer. A traceable user story can be traced to the code that implements it.

5. While eliciting requirements with a potential photo editor user, you hear they want to be able to edit the last photo. What should you do next?

1 / 1 point

- ☐ Ask what kinds of edits to support.
- ☐ Write a user story to edit the last photo.
- ☐ Ask what benefit this capability would offer.
- ☒ Ask which photo to edit.

Correct

Correct. Last is a word that can be interpreted multiple ways. Clarify the right meaning first.

6. An ambiguous requirement is best resolved by:

1 / 1 point

- ☒ Requesting additional details to revise the requirement.
- ☐ Developing a feature that covers all possible interpretations.
- ☐ Asking the stakeholder to write the requirement.
- ☐ Breaking a single requirement into smaller multiple requirements.

Correct

Correct answer. Ask for additional details to determine the right interpretation.

7. Identify the unambiguous user stories for a blog site. Choose two that are correct.

1 / 1 point

As an author, ____, so that I can correct an entered post.

I want to be able to edit my oldest post.

Correct

This is a correct answer because the oldest post is unique.

I want to be able to edit my current post

I want to be able to edit my previous post.

I want to be able to edit my newest post.

Correct

This is a correct answer because the newest post is unique.

8. Identify the problem with the following user story for a restaurant menu app. Choose

two that are correct.

As a customer, I want to choose a dietary restriction including vegetarian and gluten-free, so that I avoid certain ingredients in my dishes.

☒ Incomplete

 **Correct**

This is a correct answer because the complete set of dietary restrictions is not listed.

☐ Inconsistent

☐ Infeasible

☒ Ambiguous

 **Correct**

This is a correct answer because it is ambiguous whether the customer can only choose one restriction of the ones listed. Also, the combination of vegetarian and gluten-free could be considered as one restriction or two separate restrictions.
